DNA Collection

[DNA analysis](#)[Report Generation](#)[Getting treatment](#)

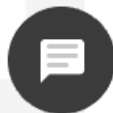

The user will long onto the portal and book an appointment for DNA sample collection. A trained DNA collector will come to your home to collect DNA. We require you to confirm your identity using a government recognised means (Adhaar, passport etc). You can specify the way you wish to provide us with a sample, hair strand, saliva. Ask your collector for more information. After the collection process, you receive the report in a week's time.
